MANAGEMENT DISCUSSION AND ANALYSIS

During the year under review, the Group through its major subsidiary, Magnificent Estates, continued with its operations of property investments, property developments and operation of hotels.

The audited consolidated profit of the Group for the year ended 31st December, 2013 attributable to the owners of the Company amounted to HK\$439,319,000 (2012: HK\$377,983,000), increased by 16%.

- For the year ended 31st December, 2013, the Group’s income increased by 32% to HK\$689 million which was mostly derived from the operation of hotels and properties rental income.

The income from operation of hotels, Ramada Hotel Kowloon, Ramada Hong Kong Hotel, Best Western Hotel Causeway Bay, Best Western Hotel Harbour View, Best Western Grand Hotel, Magnificent International Hotel, Shanghai and Best Western Hotel Taipa, Macau (completion of the disposal in March 2014) increased by 39% to HK\$583 million (2012: HK\$420 million) due to the full year operation of Best Western Hotel Harbour View and Best Western Grand Hotel.

The properties rental income was derived from office buildings of Shun Ho Tower, 633 King’s Road and shops from Ramada Hotel Kowloon, Ramada Hong Kong Hotel, Best Western Hotel Taipa, Macau and Best Western Grand Hotel amounted to HK\$106 million (2012: HK\$100 million).

For the year under review, the Group disposed of a wholly-owned subsidiary which holds the houses at Gold Coast, New Territories for the consideration of HK\$63 million and a gain of HK\$40 million is attributable to 2013. On 20 December 2013, Magnificent Estates entered into an agreement with an independent third party to dispose of subsidiaries holding interest in Best Western Hotel Taipa, Macau at the consideration of HK\$900 million with completion of the transaction in March 2014. **The disposal will result in a reportable earning of approximately HK\$620 million for the first half of 2014.**

Other income amounted to HK\$20 million (2012: HK\$17 million) which was mostly property management fee income of HK\$16 million (2012: HK\$16 million) with related expenses of HK\$15 million (2012: HK\$14.5 million).

- Overall service costs for the Group for the year was HK\$232.0 million (2012: HK\$157.8 million), of which HK\$231.4 million (2012: HK\$157.5 million) was for the hotel operations including food and beverage and costs of sales and HK\$0.6 million (2012: HK\$0.3 million) was mainly for rates and leasing commission paid for investment properties. The leasing commissions paid for the leased premises represent total commissions payable for the three years of rental period. The increase of hotel operation costs was mainly due to the full year operation of Best Western Hotel Harbour View and Best Western Grand Hotel.

During the year, the administrative expenses excluding depreciation was HK\$29 million (2012: HK\$23 million) for corporate management office including directors' fees, salaries for executive staff and employees, rental, marketing expenses and office expenses.

Other expenses were HK\$15.0 million (2012: HK\$21.8 million), the decrease of HK\$6.8 million was mainly due to no pre-operating expenses being incurred during the year (2012: the pre-operating expense of Best Western Hotel Harbour View and Best Western Grand Hotel amounted to HK\$7.4 million). The property management expenses amounted to HK\$15.0 million (2012: HK\$14.5 million). The property management expenses were increased by HK\$0.5 million due to the increase of cost of staff and utilities while the management fee remained unchanged.

- At 31st December, 2013, the overall debt of the Group was HK\$695 million (2012: HK\$1,135 million). Most of the debts were borrowed by Magnificent Estates Group. The gearing ratio of the Group (including Magnificent Estates Group) was approximately 13% (2012: 23%) in terms of bank borrowings of HK\$676 million (2012: HK\$1,074 million) and HK\$19 million (2012: HK\$61 million) was advance from shareholders against funds employed of HK\$5,535 million (2012: HK\$4,885 million).

The Group's bank borrowings carry interest at floating rates and are mainly denominated in Hong Kong dollar. Accordingly, the exchange risk of the Group is minimal. During the year under review, there was no significant change in the Group's staffing level compared to 31st December 2012. Remuneration and benefit were set with reference to the market.

- For the year under review, the investment properties such as Shun Ho Tower, 633 King's Road and shops in Ramada Hotel Kowloon, Ramada Hong Kong Hotel, Best Western Hotel Taipa, Macau and new shops in Best Western Grand Hotel remained almost fully let. It is expected that the rental revenue from these properties will have modest increase in 2014.

As at the date of this announcement, the leasing of the grade A office building at 633 King's Road achieved rental income of HK\$80 million (excluding rates and management fee incomes) per annum. The management envisages the office building will have modest rental increase in 2014 as most leases are due for renewal.

- The management will try the best endeavour to complete the construction of the new hotel to increase future earnings base and value for the Group.

No. 338 Queen's Road West
Hotel Development

A 214 room service apartments hotel development was approved to be built. Approval has been obtained to increase the plot ratio from 12 to 13.2 with no premium payment required. Superstructure construction has commenced with completion expected in 2014. The construction of the Western MTR Line will improve future value and business of this property significantly.

LOOKING AHEAD, the management expects 2014 will be an outstanding improved year for the Group's hotel operation. The hotels occupancy remain high because of the increasing leisure traveling from the PRC and their further visa relaxation and devaluation of Hong Kong dollar against Renminbi. The improving hotel business will help to increase the Group's overall turnover.

The management is most excited with the commencing operation of the MTR Western line in 2014 which will significantly benefit our three hotels with about 1,000 rooms in terms of occupancies, room rates and hotel values.

The HK\$900 million sales proceed from the disposal of the Macau subsidiary will be advantageous to future acquisition of hotel or commercial property assets to further increase the Group's income and value.

The rental incomes of the commercial buildings and shops are expected to enjoy modest increase. The low interest rate environment, weakness Hong Kong dollar and inflation back the demand in the local property market that benefits the Group's property portfolio especially the office buildings in Central and North Point.

Thus 2014 and onwards will be the **HARVESTING YEARS** for the Group after many years of development of the new hotels.

The management will take best advantage of the improving rental incomes of the commercial buildings and shops, strong growth of the hotels revenue, low interest rate environment, competitive Hong Kong dollar and inflation in order to continue to reduce overall debts and also to identify undervalued property asset acquisition with the aim to enhance the Group's incomes and values. The Company is also considering other local property investments, if successfully acquired will be financed by additional capital and bank lending.

There was no purchase, sale or redemption of the Company's listed securities by the Company or any of its subsidiaries during the year.
